When should I apply for this insurance?

You and your dependents may enroll without providing evidence of insurability or incurring waiting periods for pre-existing conditions only if we receive both your insurance and annuity applications within 60 days after the date you terminate covered WRS employment. Both applications can be submitted up to 90 days before you terminate employment, but your insurance application cannot be accepted before we receive your annuity application.

An open enrollment opportunity also exists when you (or your spouse if you are currently insured) turn 65 or first enroll in Medicare Part B and are over 65. You may apply for coverage as early as three months prior to the month you enroll in Medicare Part B, and up to six months after the month in which you enroll in Medicare Part B.

Note: If you have coverage through the Wisconsin Public Employers’ Group Life Insurance Program and are at least age 66, you may be eligible to convert the present value of your life insurance to pay health insurance premiums. If you would like a brochure which explains Converting Your Group Life Insurance to Pay Health Insurance Premiums (ET-2325), check this box: Yes, send me this brochure (ET-2325).
Annuitants who do not apply within an open enrollment period and uninsured eligible beneficiary annuitant’s (spouse or domestic partner and dependent children of deceased eligible annuitants) may file an application at any time, but are required to demonstrate good health by providing evidence of insurability. A waiting period of 270 days may apply for pre-existing conditions (reduced to 90 days if no treatment is received for the condition during that time).

The survivor of a deceased active employee who takes the WRS death benefit as a monthly annuity may enroll without furnishing evidence of insurability by filing an application with this Department within 60 days of the date of the employee’s death.

When should I cancel my current insurance?

**Do not** cancel your current insurance until you have been notified in writing of your acceptance into this program, and of the effective date of coverage.
